Business Communication: Made Simple, Second Edition covers business needs and the examination requirements of professional and other examining bodies relating to commerce and industry. The book starts by giving an introduction to the study of communication. The text also discusses some of the main factors that interfere with common understanding between the communicators and inhibit cooperation; the importance of effective communication; the role played by perception, attitude, and motivation in communication; and the need for previous experience or knowledge. The influence of prejudice on the presentation of facts and opinions; the three principal methods of communication; and the factors involved in creating an effective system of communication in an organization are also considered. The book tackles the lines of internal communication; the effects of authority and responsibility on communication; the various ways in which efficient external and internal communication is achieved; and the problem of staff location on communication. The text then describes the informal methods of communication; the importance of letter and report writing; the need for form design and control; as well as some aspects of written language. The importance of verbal communication and information technology are also discussed. Business executives and company and commercial accountants will find the volume invaluable.

This concise and comprehensive textbook covers the complete spectrum of office procedure, including general functions and responsibilities, the engagement and management of staff, security and control, the range of services an office is expected to provide and the function of office machinery.

The field of professional, academic and vocational qualifications is ever-changing. The new edition of this practical guide provides thorough information on all developments in these areas in the UK. Fully indexed, it includes details on all university awards and over 200 career fields, their professional and accrediting bodies, levels of membership and qualifications. British Qualifications is a unique resource for human resource managers and university admissions officers to verify the qualifications of potential employees and students.

The Routledge Handbook of Japanese Business and Management provides a comprehensive overview of management and business processes and practices in Japanese companies. The contributors combine theoretical findings and research results with a practical and contemporary view on how corporations and firms are managed in Japan. The handbook is divided into eight sections covering: historical perspectives on Japanese management; structure and theory of the Japanese firm; the corporate environment in Japan; the Japanese work environment; the Japanese market; manufacturing and logistics; interaction and communication; the future of Japanese management. This book is an essential reference resource for students and scholars working on Japanese companies, the Japanese market-place, Japanese consumers, or management processes in the Japanese firm. The book also provides an interesting and informative read for managers who need to deepen their knowledge on Japanese business processes.

The Routledge Companion to Business History is a definitive work of reference, and authoritative, international source on business history. Compiled by leading scholars in the field, it offers both researchers and students an introduction and overview of current scholarship in this expanding discipline. Drawing on a wealth of international contributions, this volume expands the field and explores how business history interacts theoretically and methodologically with other fields. It charts the origins and development of business history and its global reach from Latin America and Africa, to North America and Europe. With this multi-perspective approach, it illustrates the unique contribution of business history and its relationship with a range of other disciplines, from finance and banking to gender issues in corporations. The Routledge Companion to Business History is a vital source of reference for students and researchers in the fields of business history, corporate governance and business ethics.

These proceedings represent the work of researchers participating in the 6th International Conference on Innovation and Entrepreneurship (ICIE 2018) which is being co-hosted by Georgetown University and George Washington University and is being held at The University of the District of Columbia (UDC) on 5-6 March 2018.

Informs readers of the historical foundations on which the accounting profession is based, the historical antecedents of today's accounting institutions, and the historical impact of accounting. This book explores the lives and works of pre-eminent individuals in the profession's history.
