The Kite Runner Chapter 16 Summary & Analysis | LitCharts

This chapter also teaches a central lesson about survival: life is not fair. The moose attack is not only sudden, but it appears to have no identifiable cause. Brian is hit by the tornado shortly after being attacked and wounded by a moose for no reason. The author makes it clear that the concept of fairness is meaningless in the wild.

Hatchet Chapter 16 Summary | Course Hero

Summary: Chapter 16. Christopher McCandless leaves Carthage, South Dakota in mid-April 1992, on the first phase of his trip to Denali National Park. An RV deliveryman named Gaylord Stuckey picks him up and gives him a ride from a hot springs at the edge of the Yukon territory to Whitehorse, Alaska, after being impressed by his intelligence. Stuckey recalls to Krakauer that McCandless spoke about his family, especially about Carine McCandless and his father’s bigamy.

We are up to John chapter 16 and as we continue, we really have to go back to the end of John 15 just for a moment to see the experience that Jesus has been talking about. In that chapter we have the central teaching, in the Upper Room Discourse, that He is the true vine and we have this image, or allegory, of the vine.

"Terrifying... Eloquent... A heart-rending drama of human yearning." --New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of Into the Wild. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the dries and desires that propelled McCandless. Digging deeply, he takes an inherently compelling mystery and unravels the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's storytelling blaze through every page.

Through journal entries, sixteen-year-old Miranda describes her family's struggle to survive after a meteor hits the moon, causing worldwide tsunamis, earthquakes, and volcanic eruptions.

Celebrate the thirtieth anniversary of the Newbery Honor–winning survival novel Hatchet with a pocket-sized edition perfect for travelers to take along on their own adventures. This special anniversary edition includes a new introduction and commentary by author Gary Paulsen, pen-and-ink illustrations by Drew Willis, and a water resistant cover. Hatchet has also been nominated as one of America’s best-loved novels by PBS’s The Great American Read. Thirteen-year-old Brian Robeson, haunted by his secret knowledge of his mother’s infidelity, is traveling by single-engine plane to visit his father for the first time since the divorce. When the plane crashes, killing the pilot, the sole survivor is Brian. He is alone in the Canadian wilderness with nothing but his clothing, a tattered windbreaker, and the hatchet his mother had given him as a present. At first consumed by despair and self-pity, Brian slowly learns survival skills—how to make a shelter for himself, how to hunt and fish and forage for food, how to make a fire—and even finds the courage to start over from scratch when a tornado ravages his campsite. When Brian is finally rescued after fifty-four days in the wild, he emerges from his ordeal with new patience and maturity, and a greater understanding of himself and his parents.

From the New York Times columnist, a portrait of a family and the cycles of joy and grief that mark the natural world: “Has the makings of an American classic.” —Ann Patchett Growing up in Alabama, Margaret Renkl was a devoted reader, an explorer of riverbeds and red-dirt roads, and a fiercely loved daughter. Here, in brief essays, she traces a tender and honest portrait of her complicated parents—her exuberant, creative mother; her steady, supportive father—and of the bittersweet moments that accompany a child’s transition to caregiver. And here, braided into the overall narrative, Renkl offers observations on the world surrounding her suburban Nashville home. Ringing with rapture and heartache, these essays convey the dignity of bluebirds and rat snakes, monarch butterflies and native bees. As these two threads haunt and harmonize with each other, Renkl suggests that there is astonishment to be found in common things: in what seems ordinary, in what we all share. For in both worlds—the natural one and our own—“the shadow side of love is always loss, and grief is only love’s own twin.” Gorgeously illustrated by the author’s brother, Billy Renkl, Late Migrations is an assured and memorable debut. “Magnificent . . . Readers will savor each page and the many gems of wisdom they contain.” —Publishers Weekly (starred review)

From the acclaimed author of the classics Shiloh and Other Stories and In Country comes a beautifully crafted and profoundly moving novel which follows a woman as she looks back over her life and her first love. Ann Workman is smart but naïve, a misfit who’s traveled from rural Kentucky to graduate school in the transformative years of the late 1960s. While Ann fervently seeks higher learning, she wants what all girls yearn for—a boyfriend. But not any boy. She wants the “Real Thing,” to be in love with someone who loves her equally. Then Jimmy appears as if by magic. Although he comes from a very different place, upper-middle class suburban Chicago, he is a misfit too, a rebel who rejects his upbringing and questions everything. Ann and Jimmy bond through music and literature and their own quirksness, diving headfirst into what seems to be a perfect relationship. But with the Vietnam War looming and the country in turmoil, their future is uncertain. Many years later, Ann recalls this time of innocence—and her own obsession with Jimmy—as she faces another life crisis. Seeking escape from her problems, she tries to imagine where she might be if she had chosen differently all those years ago. What if she had gone to Stanford University, as her mentor had urged, instead of a small school on the East Coast? Would she have been caught up in the Summer of Love and its subsequent dark turns? Or would her own good sense have saved her from disaster? Beautifully written and expertly told, Dear Ann is the wrenching story of one woman’s life and the choices she has made. Bobbie Ann Mason captures at once the excitement of youth and the nostalgia of age, and how consideration of the road not taken—the interplay of memory and imagination—can illuminate, and perhaps overtake, our present.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, The Absolutely True Diary of a Part-Time Indian, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.

Living in a "perfect" world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

#1 NEW YORK TIMES BESTSELLER • “The story of modern medicine and bioethics—and, indeed, race relations—is refracted beautifully, and movingly.”—Entertainment Weekly NOW A MAJOR MOTION PICTURE FROM HBO® STARRING OPRAH WINFREY AND ROSE BYRNE • ONE OF THE “MOST INFLUENTIAL” (CNN), “DEFINING” (LITHUB), AND “BEST” (THE PHILADELPHIA INQUIRER) BOOKS OF THE DECADE • ONE OF ESSENCE’S 50 MOST IMPACTFUL BLACK BOOKS OF THE PAST 50 YEARS • WINNER OF THE CHICAGO TRIBUNE HEARTLAND PRIZE FOR NONFICTION NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Entertainment Weekly • O: The Oprah Magazine • NPR • Financial Times • New York • Independent (U.K.) • Times (U.K.) • Publishers Weekly • Library Journal • Kirkus Reviews • Booklist • Globe and Mail Her name was Henrietta Lacks, but scientists know her as HeLa. She was a poor Southern tobacco farmer who worked the same land as her slave ancestors, yet her cells—taken without her knowledge—became one of the most important tools in medicine: The first “immortal” human cells grown in culture, which are still alive today, though she has been dead for more than sixty years. HeLa cells were vital for developing the polio vaccine; uncovered secrets of cancer, viruses, and the atom bomb’s effects; helped lead to important advances like in vitro fertilization, cloning, and gene mapping; and have been bought and sold by the billions. Yet Henrietta Lacks remains virtually unknown, buried in an unmarked grave. Henrietta’s family did not learn of her “immortality” until more than twenty years after her death, when scientists investigating HeLa began using her husband and children in research without informed consent. And though the cells had launched a multimillion-dollar industry that sells human biological materials, her family never saw any of the profits. As Rebecca Skloot so brilliantly shows, the story of the Lacks family—past and present—is inextricably connected to the dark history of experimentation on African Americans, the birth of bioethics, and the legal battles over whether we control the stuff we are made of. Over the decade it took to uncover this story, Rebecca became enmeshed in the lives of the Lacks family—especially Henrietta’s daughter Deborah. Deborah was consumed with questions: Had scientists cloned her mother? Had they killed her to harvest her cells? And if her mother was so important to medicine, why couldn’t her children afford health insurance? Intimate in feeling, astonishing in scope, and impossible to put down, The Immortal Life of Henrietta Lacks captures the beauty and drama of scientific discovery, as well as its human consequences.

Contributions by Megan Abbott, Michael Almereyda, Kris Belden-Adams, Maude Schuyler Clay, William Dunlap, W. Ralph Eubanks, William Ferris, Marti A. Funke, Lisa Howorth, Amanda Malloy, Richard McCabe, Emily Ballew Neff, Robert Saarnio, and Anne Wilkes Tucker The Beautiful Mysterious: The Extraordinary Gaze of William Eggleston is an examination of the life and work of the artist widely considered to be the father of color photography. William Eggleston was born in 1939 and grew up in the Mississippi Delta town of Sumner. His innovative 1976 exhibition at the Museum of Modern Art in New York helped establish color photography as an artistic medium and has inspired photographers and artists around the world. Edited by Ann J. Abadie, the catalog contains fifty-five Eggleston photographs, thirty-six that were featured in The Beautiful Mysterious exhibition at the University of Mississippi Museum from September 2016 to February 2017. Eggleston’s longtime friend William Ferris, a celebrated folklorist, donated all the photographs to the Museum. The photographs range from 1962 into the 1980s, representing each of Eggleston’s projects during that time. Some of the photographs are inscribed with Eggleston’s rare handwritten notes about location, people, dates, and projects. Eight of Eggleston’s early dye transfers are in the collection. Many of these works had not been on public display before this exhibition, including black-and-white images that are unique-copy single prints. This is a penetrating examination of the influence of the Mississippi Delta and the American South on Eggleston’s work and of Eggleston’s influence on photography and other creative fields.
