A bestselling modern classic—both poignant and funny—about a boy with autism who sets out to solve the murder of a neighbor's dog and discovers unexpected truths about himself and the world. Nominated as one of America ' s best-loved novels by PBS ' s The Great American Read Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. He relates well to animals but has no understanding

of human emotions. He cannot stand to be touched. And he detests the color yellow. This improbable story of Christopher's quest to investigate the suspicious death of a neighborhood dog makes for one of the most captivating, unusual, and widely heralded novels in recent years.

Based on concepts of active learning, student engagement, and hybrid course design, the EMT Flipped Classroom serves as a course roadmap to provide a cooperative and successful learning experience. The flipped classroom model dedicates class time to resolving misconceptions through collaborative problem-solving activities, elevating knowledge into application-level tasks and skills practice, and increasing engagement and confidence. Students interact with

primary source content outside of the classroom to develop foundational knowledge. The EMT Flipped Classroom delivers primary source content in a variety of engaging formats, including an Emergency Care and Transportation of the Sick and Injured, Eleventh Edition eBook and Interactive and Virtual Mentor Lectures. The course features student-directed courseware, including problem-solving activities, peer-to-peer activities, and student coaching, with competency checks throughout. Sample activities include: Build It: Students use different objects and materials to build models relating to the lesson topic. Trauma Tango: Students memorize and practice performing the steps of patient assessment by creating correlating dance moves. Rap Songs: Students

create rap songs based on medical terminology or medication that EMTs administer, and present their songs to the class. Goo On You: Students put on personal protective equipment (PPE) and are squirted with various types of "goo" to show the importance of properly donning and doffing PPE. Challenge Scenario: Students act out a complex scenario that contains multiple issues and requires strong problem-solving skills. EMT Flipped Classroom is designed to help educators shift from the role of lecturer to the role of guide and facilitator, allowing traditional instructor-centered classrooms to transform into student-centered learning environments where instructors can have an even greater impact on student outcomes.
