'I cannot imagine setting sail without it' SAIL 'A must for all aspiring ocean crossers' Yachting World We call it 'The Pond', yet the Atlantic Ocean covers one fifth of the surface of our planet and one third of its surface area of water. It is still a mighty big pond to cross! Realising the dream of an Atlantic crossing remains a challenge but the rewards are many and lifelong. The Atlantic Crossing Guide is well established as the standard reference for anyone planning an Atlantic voyage, whether via the trade wind route to the Caribbean or to Europe from the United States. The better prepared you are the greater your chances of success. Packed full of the collective wisdom of cruising sailors over four decades, this new edition has been updated to include advice on: PREPARATIONS · suitable boats, including considerations of hull integrity · equipment and maintenance · advances in navigation and communications systems · access to weather and routeing information · the balance of power input and usage · planning for hurricane season · risk management · crew harmony and health · provisioning PASSAGE PLANNING · Atlantic weather systems, including tropical waves and hurricanes · common routes and timings across the Atlantic · seasonal cruising along bordering coasts and within Atlantic island groups · fog and ice in the higher latitudes · key landfalls 'A fantastic amount of information' Yachting Monthly

Colin O'Brady's awe-inspiring, New York Times bestselling memoir recounting his recovery from a tragic accident and his record-setting 932-mile solo crossing of Antarctica is a "jaw-dropping tale of passion and perseverance" (Angela Duckworth, New York Times bestselling author of Grit). Prior to December 2018, no individual had ever crossed the landmass of Antarctica alone, without support and completely human powered. Yet, Colin O'Brady was determined to do just that, even if, ten years earlier, there was doubt that he'd ever walk again normally. From the depths of a tragic accident, he fought his way back. In a quest to unlock his potential and discover what was possible, he went on to set three mountaineering world records before turning to this historic Antarctic challenge. O'Brady's pursuit of a goal that had eluded many others was made even more intense by a head-to-head battle that emerged with British polar explorer Captain Louis Rudd—also striving to be “the first.” Enduring Antarctica's sub-zero temperatures and pulling a sled that initially weighed 375 pounds—in complete isolation and through a succession of whiteouts, storms, and a series of near disasters—O'Brady persevered. Alone with his thoughts for nearly two months in the vastness of the frozen continent—gripped by fear and doubt—he reflected on his past, seeking courage and inspiration in the relationships and experiences that had shaped his life. “Incredibly engaging and well-written” (The Wall Street Journal)—and set against the backdrop of some of the most extreme environments on earth, from Mt. Everest to Antarctica—this is “an unforgettable memoir of perseverance, survival, daring to dream big, and showing the world how to make the impossible possible” (Booklist, starred review).

Pair skaters Courtney and Mark have one shot left at their Olympic dream. They vow not to let anything get in their way, especially not Josh and Stephanie, the wealthy and talented brother and sister team. The heart doesn't always listen to reason, though. The more time Courtney spends with sweet, shy Josh, the harder she falls for him. But they are on opposite sides of the competition, and their futures are headed in opposite directions. Will their friendship blossom into more or are their paths too different to cross?

Find inspiration in these “enjoyable” accounts of historic last-minute victories—both legendary and little-known—in the world of sports (Booklist). From a former editor of Sport magazine, this book is a journey through a century of athletic endeavor, from baseball to boxing and beyond—filled with true stories that remind us of some of the qualities that can help to create a champion: perseverance, determination, and hope. “Re-creations of 13 dramatic sports events from the 20th century . . . While Silverman has chosen to profile a handful of well-documented events, such as New York Giant Bobby Thompson's 1951 home run at the Polo Grounds, the first Ali-Frazier prizefight in 1971 and the 1980 US hockey team's Olympic victory over the Russians, the real value of the book lies in his depiction of such obscure or neglected events as the 1923 boxing match between Argentine Luis Firpo and American Jack Dempsey, and the 1968 Harvard-Yale football game . . . The best piece follows an unknown Native American Marine from Kansas who shocked himself and the world by winning the 10,000-meter road race at the 1964 Tokyo Olympics . . . He often tracks down and interviews event participants to provide perspective from both the victor and the vanquished.” —Publishers Weekly

Work, sex, ice cream, religion-they all promise fulfillment. But what they deliver is fleeting. Jesus knew about this quest. He came to show us that peace is possible in this life, not just the next one. Yet Christianity, the very religion that claims Jesus as its own, has often built the biggest barriers to him and the life he promised. Celebrated speaker and pastor Shane Hipps revives the faith with a fresh and persuasive understanding of the message of Jesus. The shocking truth is that Jesus proclaimed "eternal life" as a present reality that dwells within each of us. A transformative breakthrough, this book goes beyond "religion" or "spirituality" and cuts to the heart of our humanity and existence. It's about realizing that we already possess what we are searching for, and that the Heaven we long for isn't just a gift when we die, but a gift while we live.
