If you're looking for practical information to answer all your "How?" "What?" and "Why?" questions about money, this book is for you. Dave Ramsey's Complete Guide to Money covers the A to Z of Dave's money teaching, including how to budget, save, dump debt, and invest. You'll also learn all about insurance, mortgage options, marketing, bargain hunting and the most important element of all—giving. This is the handbook of Financial Peace University. If you've already been through Dave's nine-week class, you won't find much new information in this book. This book collects a lot of what he's been teaching in FPU classes for 20 years, so if you've been through class, you've already heard it! It also covers the Baby Steps Dave wrote about in The Total Money Makeover, and trust us—the Baby Steps haven't changed a bit. So if you've already memorized everything Dave's ever said about money, you probably don't need this book. But if you're new to this stuff or just want the all-in-one resource for your bookshelf, this is it!

A practical financial guide covers such topics as eliminating debt, investing simply, making sound financial decisions, and revolutionizing relationships with the flow of money.

What does the Bible really say about money? About wealth? How much does God expect you to give to others? How does wealth affect your friendships, marriage, and children? How much is "enough"? There's a lot of bad information in our culture today about wealth—and the wealthy. Worse, there's a growing backlash in America against our most successful citizens, but why? To many, wealth is seen as the natural result of hard work and wise money management. To others, wealth is viewed as the ultimate, inexcusable sin. This has left many godly men and women confused about what to do with the resources God's put in their care. They were able to build wealth using God's ways of handling money, but then they are left feeling guilty about it. Is this what God had in mind?

There is a movement of women stepping into their God-given gifts to make money doing what they love. If you're ready to join them, this is your handbook that will take the ideas in your head and the dream in your heart and turn them into action. *Help you create a step-by-step, customized plan to start and grow your business. *Show you how to manage your time so you can have a business- and life- that you love. *Explain overwhelming business stuff like pricing, taxes, and budgeting in simple terms. *Teach you how to use marketing to reach the right people in the right way.

Every parent wants the best for their child. That's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.1 Student loan debt doesn't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony O'Neal teaches parents how to get their child through school without debt, even if they haven't saved for it. He also shows parents: *How to prepare their child for college *Which classes to take in high school *How and when to take the ACT and SAT *The right way to do college visits *How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

You don't have to spend decades paying off your student loans! You can destroy your debt fast and live a life of freedom. You've been lied to: there's no such thing as good debt. Debt sucks. Period. And that includes student loan debt. No matter what you believed—or were told—when you took out your loans, you need to get serious about getting rid of your debt fast, because it's costing you more than you know. That's why bestselling author Anthony O'Neal wrote this motivating 64-page Quick Read—to show you why you need to dump your debt fast and how to do it. If you have student loan debt and have never heard of Ramsey Solutions or the 7 Baby Steps, this 64-page Quick Read is for you. Anthony will walk you step-by-step through Baby Steps 1 and 2 to show you how to dump your debt forever. You'll learn: -The ugly truth about how debt hurts you -The importance of an emergency fund and how to budget (Baby Step 1) -The power of the debt snowball (Baby Step 2) -Exactly what to do to pay off your student loans faster -How to control your money so it doesn't control you -You'll also hear stories from real people about how they paid off their debt fast You don't need relief from your debt, you need to get mad at it. Because the truth is, when you get mad enough, you can pay off your loans faster than you ever thought possible—and take control of your money, and your life, for good! Don't let anything stand in the way of your future. This plan has helped millions get out of debt and you're next. You can do this! (Ramsey Press)
