Exceptional Students: Preparing Teachers for the 21st Century provides balanced coverage of the foundations of exceptionalities future teachers need to know to understand their students and responsibilities. The second edition has been updated to reflect the role of the special educator, while continuing to address the role of the general educator in serving special populations.

Exceptional Students: Preparing Teachers for the 21st Century provides balanced coverage of the foundations of exceptionalities future teachers need to know to understand their students and responsibilities. The second edition has been updated to reflect the role of the special educator, while continuing to address the role of the general educator in serving special populations.

The first Introduction to Special Education text written specifically for BOTH future general and special educators. This groundbreaking text provides balanced coverage of the foundations of exceptionalities that future teachers need to know to understand their students and responsibilities, and the practical information they need to effectively teach all students.

Exceptional Students: Preparing Teachers for the 21st Century recognizes both future special educators and future general education teachers populate the Introduction to Special Education course. The authors reach out to both groups of future teachers the special educator and the general educator and include practical information and materials for understanding, planning, and implementing classroom instruction. This exciting new text provides all of our future teachers with the knowledge and tools they need to be successful, no matter what role they play on the Special Education team.

Exceptional Students: Preparing Teachers for the 21st Century provides balanced coverage of the foundations of exceptionalities future teachers need to know to understand their students and responsibilities. The third edition has been further updated to reflect the role of the special educator, while continuing to address the role of the general educator in serving special populations. Instructors and students can access their course content through the Connect digital learning platform by purchasing either standalone Connect access or a bundle of print and Connect access. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other important files for the course. Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping.

"We are excited to offer you the fourth edition of Exceptional Students: Preparing Teachers for the 21st Century. The field of education has evolved into one that requires collaboration among families, communities, and schools. Within schools, special and general educators must collaborate to be effective and efficient in teaching and responding to the demands of new standards, statewide assessments, and calls for education reform. In this fourth edition of Exceptional Students: Preparing Teachers for the 21st Century, we have refined and updated our content to reflect the role of the special educator while continuing to address the role of the general educator in serving special populations. The fourth edition includes updated references and photographs, changes to the content emphases and discussions to reflect current thought and practice, and additions/ deletions of tables and figures to also reflect current thought. The following section, New Additions to the fourth Edition, outlines more specifics. We would like to stress that this text includes information from DSM-5, the latest from the AAIDD, and other important publications and references that define and influence the field of special education. We are grateful to the instructors and students who have given us their feedback on the text. Their classroom experiences inspired suggested refinements that we incorporated throughout the third edition"--
