His gripping book concentrates on his years as the head of Scotland Yard's Obscene Publications branch - known as the Dirty Squad. Hames was the last head of the Dirty Squad - which dealt with pornography, particularly videos, and increasingly became involved with the sexual abuse of children. The unit has now been reorganised into a squad which solely investigates paedophiles. No one in charge of the Obscene Publications Division has ever written about their work before.

The fifth book in the Tennison series following Jane Tennison in the early years of her policing career. The fifth book in the Sunday Times bestselling Jane Tennison series. April 1980 and Jane is the first female detective to be posted to the Met's renowned Flying Squad, commonly known as the 'Sweeney'. Based at Rigg Approach in East London, they investigate armed robberies on banks, cash in transit and other business premises. Jane thinks her transfer is on merit and is surprised to discover she is actually part of a short term internal experiment, intended to have a calming influence on a team that likes to dub themselves as the 'Dirty Dozen'. The men on the squad don't think a woman is up to the dangers they face when dealing with some of London's most ruthless armed criminals, who think the only 'good cop' is a dead cop. Determined to prove she's as good as the men, Jane discovers from a reliable witness that a gang is going to carry out a massive robbery involving millions of pounds. But she doesn't know who they are, or where and when they will strike . . .

"Read this man's book." --James Ellroy A harrowing, edge-of-your-seat narrative of murder and secrets, revenge and heroism in the City of Angels—the real events behind the blockbuster Warner Brothers film starring Sean Penn, Josh Brolin, Ryan Gosling and Emma Stone. GANGSTER SQUAD chronicles the true story of the secretive police unit that waged an anything-goes war to drive Mickey Cohen and other hoodlums from Los Angeles after WWII. In 1946, the LAPD launched the Gangster Squad with eight men who met covertly on street corners and slept with Tommy guns under their beds. But for two cops, all that mattered was nailing the strutting gangster Mickey Cohen. Sgt. Jack O'Mara was a square-jawed church usher, Sgt. Jerry Wooters a cynical maverick. About all they had in common was their obsession. So O'Mara set a trap to prove Mickey was a killer. And Wooters formed an alliance with Mickey's budding rival, Jack "The Enforcer" Whalen. Two cops -- two hoodlums. Their fates collided in the closing days of the 1950s, when late one night "The Enforcer" confronted Mickey and his crew. The aftermath would shake both LA's mob and police department, and signal the end of a defining era in the city's history. Warner Brothers developed the film Gangster Squad based on the research award-winning journalist Paul Lieberman conducted for this book, which reveals the unbelievable true stories behind the film. He spent more than a decade tracking down and interviewing surviving members of the real police unit as well as families and associates of the mobsters they pursued. Gangster Squad is a tour-de-force narrative reminiscent of LA Confidential.

The explosive true story of America's most corrupt police unit, the Gun Trace Task Force (GTTF), which terrorized the city of Baltimore for half a decade. When Baltimore police sergeant Wayne Jenkins said he had a monster, he meant he had found a big-time drug dealer—one that he wanted to rob. This is the story of Jenkins and the Gun Trace Task Force (GTTF), a super group of dirty detectives who exploited some of America's greatest problems: guns, drugs, toxic masculinity, and hypersegregation. In the upside-down world of the GTTF, cops were robbers and drug dealers were the perfect victims, because no one believed them. When the federal government finally arrested the GTTF for robbery and racketeering in 2017, the stories of victims began to come out, revealing a vast criminal enterprise operating within the Baltimore Police Department. Cops planted heroin to cover up a fatal crash that resulted from a botched robbery. They stole hundreds of thousands of dollars, faked video evidence, and forged a letter trying to break up the marriage of one of their victims to keep his wife from paying a lawyer. And a homicide detective was killed the day before he was scheduled to testify against the crooked cops. I Got a Monster is the shocking history of the rise and fall of the most corrupt cops in America from Baynard Woods and Brandon Soderberg.

"Baltimore, 2015. Riots were erupting across the city as citizens demanded justice for Freddie Gray, a twenty-five-year old black man who had died while in police

custody. At the same time, drug and violent crime were surging, and that year, Baltimore would reach its deadliest year in over two decades: 342 homicides in a city of six hundred thousand people. Under intense scrutiny--and a federal investigation over Gray's death--the Baltimore police department turned to a rank-and-file hero, Sergeant Wayne Jenkins, and his elite unit, the Gun Trace Task Force, to help get guns and drugs off the street. And yet, despite intense scrutiny, what The New York Times would call "one of the most startling police corruption scandals in a generation" was unfolding. Entrusted with fixing the city's drug crisis, Jenkins and his posse of corrupt cops were instead stealing from its citizens--skimming from the drug busts they made, pocketing thousands in cash found in private homes, and planting fake evidence to throw Internal Affairs off their scent. Their brazen crime spree would go unchecked for years, and would result in countless wrongful convictions, the death of an innocent person--and the mysterious death of one implicated cop, who was shot in the head just one day before he was scheduled to testify against the Force. Award-winning investigative journalist Justin Fenton has been relentlessly exposing the scandal since 2017, conducting hundreds of interviews and poring over thousands of court documents. The result is an astounding feat of reportage about a rogue police unit, and the American city they held hostage"--

A gritty and compelling account of an elite police group, the Middle Eastern Organised Crime Squad (MEOCS). Middle Eastern organised crime in Australia is a dark, dirty and dangerous world of drug empires, murders and turf wars. Crime families dominate the suburbs and the streets are a labyrinth of dealers. Responsible for cleaning up this mess is the Middle Eastern Organised Crime Squad (MEOCS), a specialist unit of cops fighting an uphill battle against a deeply entrenched problem. The officers of the MEOCS are both fearsome and intimidating. They have to be, to deal with the rising violence, brutal mayhem and sheer brazen scope of the crime that they see every day. Written by an award-winning crime reporter, The Squad trails a core group of MEOCS detectives on their journey into the Sydney's Middle Eastern organised crime fraternity and takes readers inside the inner-workings of their biggest investigations - the wired-up informants, the undercover agents, the ingenious tactics and electrifying near-misses. Gritty, compelling and unputdownable.

An unprecedented behind-the-scenes look at the men who protect us from the most frightening prospect of life in the age of terrorism "In my mind it's all business; I don't worry about my family, I don't worry about a function that I'm doing after work, I just worry about what's at hand. And what's at hand is that package." --Detective First Grade Joe Putkowski, NYPD Bomb Squad The New York City Police Department Bomb Squad is the oldest such squad in the nation, founded in 1903. Each year its thirty-three members make more than two hundred stress-filled "bomb runs," in which they check suspicious briefcases, defuse hand grenades, and even respond to "art" projects constructed with real explosives. The public rarely sees these men--and when they do, it's usually from a distance, telephoto pictures of helmeted figures in ninety-pound suits of Kevlar armor. Starting on December 31, 2003, in the heart of the New Year's Eve action in Times Square, journalists Richard Esposito and Ted Gerstein had exclusive access to the nation's most elite police unit for an entire year. Their often chilling, never-before-told tales from the front line provide an extraordinary view of the domestic war on terrorism.

Since the publication of Guns, Bullets, and Gunfights in 1996, readers have pressed for a follow-up with more information on Jim Cirillo and his service with the New York City Police Department's Stakeout Unit. That book is finally here. Author Paul Kirchner was working with Cirillo on this biography at the time of Jim's untimely death in 2007. Kirchner draws on his extensive interviews with Cirillo, his family, friends, ex-partner Bill Allard and other SOU officers to create a vivid portrait of an affable and gregarious man who nonetheless was "the last man many armed robbers saw on this earth." In previously unpublished accounts, Cirillo describes in detail numerous stakeouts and sets the record straight about what he and the other SOU members actually accomplished on the streets of New York. Cirillo also talks about his early years as a street cop and his service with the NYPD Emergency Service Unit; his successes as a lifelong competitive shooter; his

distinguished career as a firearms trainer; his unique relationship with Jeff Cooper; his carry guns and the guns of the SOU; and much more. Cirillo's unique voice and humor enliven every page, resulting in a fitting, lasting tribute to a legendary police officer, shooting instructor, gunfighter and raconteur.
