Free Book Principles Finance Excel Simon Benninga Pdf ...

Description of the book "Principles of Finance with Excel": Finance is a topic that requires much computation, and in today's business world that computation is done almost entirely using Excel. Despite this, existing finance textbooks continue to rely heavily on hand calculators. Business school students-whose background in Excel is often weak when they come into finance courses-find that when they leave the academic environment they have to relearn both finance and Excel.
