### Pressure Manager (PM 1) - Grundfos Service Video

The Grundfos Home Booster is a self-contained cold water booster set, designed for domestic properties where the existing mains water supply is insufficient to meet the demand requirements of pressurised hot and cold water systems.

**Home Booster | Grundfos**

Dip Switch #1, #2, #3 and #4 - Flipped up increases the set point pressure in which the pump will start by an additional 15 PSI or 1.5 bar. So, the pump will kick on at approx. 80 PSI. Dip Switch #5 - Flipped up sets a 15 PSI deactivation point (rather than allowing lack of water flow to stop the pump).
