## **Middle School Egg Drop Activity**

The Egg Drop project is a highly-versatile activity that can be used to introduce students to physics, materials science, and fluid dynamics. For elementary and middle school classes, the students have a wide range of materials to 'buy' with their allotted budgets. For the high school classes, the

# Get Free Middle School Egg Drop Activity

budget and number of available materials are reduced, making the challenge more difficult and emphasizing the engineering design process.
