Foundation issues are no minor thing; however, in the majority of cases, the issue can be fixed (although the cost will vary). One of the greatest dangers of buying a home with foundation issues ...

What Are the Dangers of Buying a House With Foundation ...

The Noyce Foundation never is the only funder on a project because it is dangerous for an organization to rely on one funder for support. Executive Director Ron Ottinger explains: "There must be another funder, and the grantee must think about its mix of earned income and grant income to sustain its efforts."

The Noyce Foundation: Ten core principles for hands-on ...

The foundation is, quite literally, the base of your home. It is the bedrock upon which the whole structure rests, so it must be strong and stable enough to support the entire house. Any damage or defects that compromise the integrity of the foundation can be cause for concern—and might be a significant problem.
